## Assembly notes

---

1. Ensure the area is safe and free of hazards prior to assembly. The minimum space required is 1076 × 942 cm.
2. A minimum of two adults is required for assembly.
3. The product and materials are intended for indoor or outdoor use under supervision.
4. Before assembly, check the number of parts against the parts list (hardware packages of the individual assembly steps).
5. When assembling, ensure the ground is impact-attenuating or protected by soft material (e.g. cardboard or a blanket) to avoid scratching the equipment.
6. Tighten all bolts firmly after assembly.
7. Remove all assembly materials and tools from the play area before use.
8. Keep children away from the product as long as it is not fully assembled, as well as during disassembly or maintenance work.
9. The product can be installed in two ways: surface mounting on concrete with expansion bolts, or inground installation (set in concrete). Both options are shown in these instructions.

## Safety and usage instructions

---

1. Read the instructions and warning labels carefully before use.
2. Inspect the equipment and play area for potential hazards before each use.
3. Maximum number of simultaneous users: 2.
4. Age group: 3 to 14 years.
5. Never leave children unattended. Constant adult supervision is required.
6. Ensure the surroundings are safe before use. Do not use the equipment in bad weather.
7. Anchoring notes: check monthly that all fixings are tight - the expansion bolts for surface mounting, and the firm seating of the equipment in its foundation for inground installation. Retighten or replace loose connections in good time.
8. Do not climb beyond the intended surfaces. Use the slide only seated, feet first.
9. If material is damaged and needs repair, contact the manufacturer or importer for repair or replacement.
10. The ground must be level (horizontal) during assembly and remain level throughout the entire period of use.

## Cleaning and maintenance

---

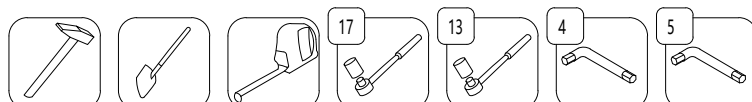

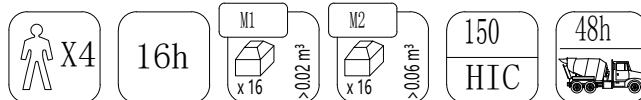

1. Clean with a damp cloth.
2. Use only neutral cleaning agents.
3. Inspect the product regularly.
4. Carry out inspections according to the inspection schedule at the end of these instructions.
5. Complete the inspection record after each inspection.

## Installation Steps:

35-WKW80-001 90\*90mm Square Pinewood Post  
800mm 1-2

1. Locate the short post end close to the inground footer as shown figure, drill holes along the hole position on footer (Ø12mm through hole).

**70-WK008-V55-10**

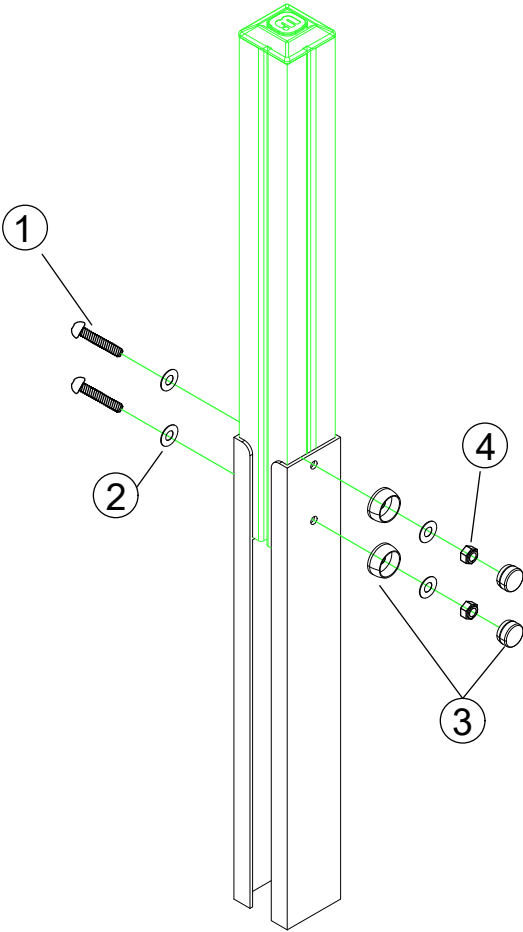

Installation Steps:

1: Align the connection holes of the inground footer with those of the post, then connect and fasten them with the corresponding hardware.

35-WKW80-001 90\*90mm Square Pinewood Post  
800mm 2-2

| 4      | FLAT WASHER                                 | 8.5/23.5*T1.5 | 84       |
| 5      | LOCK NUT                                    | M8            | 40       |

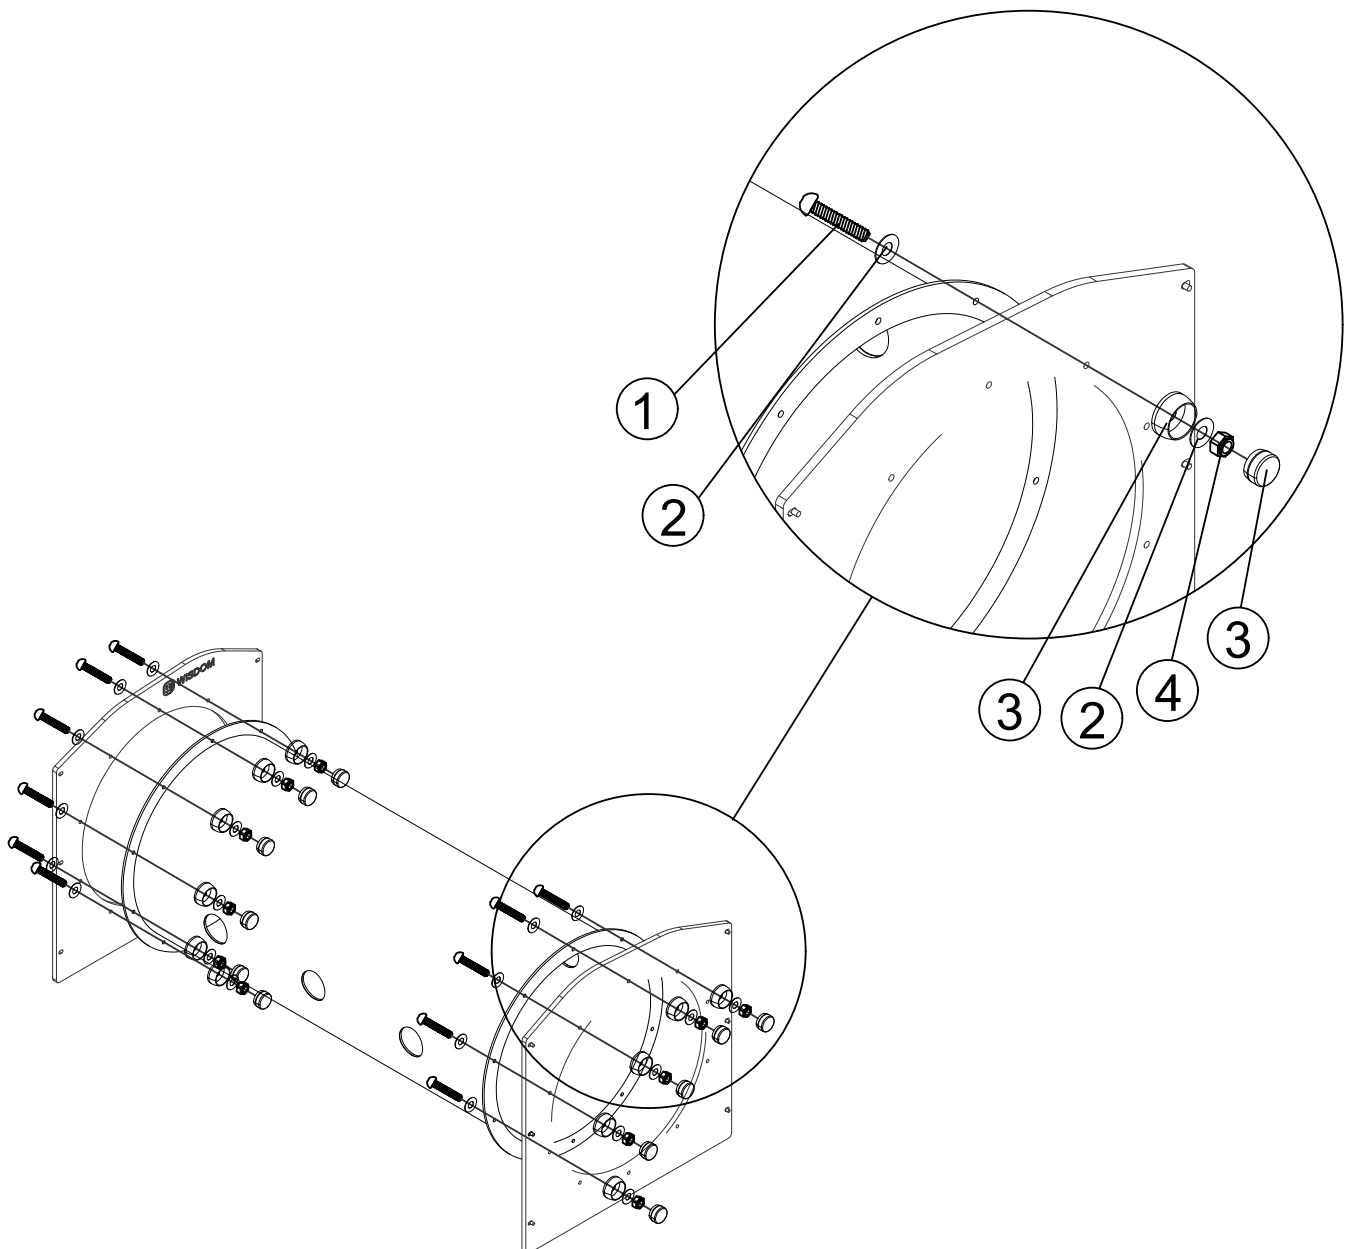

## Installation Steps:

1: Align the connection holes of the panel and the crawl tunnel, then use corresponding hardware to connect and fasten them.

### 67-WK001 Wise Kidz - 600mm Crawl Tunnel L1410mm

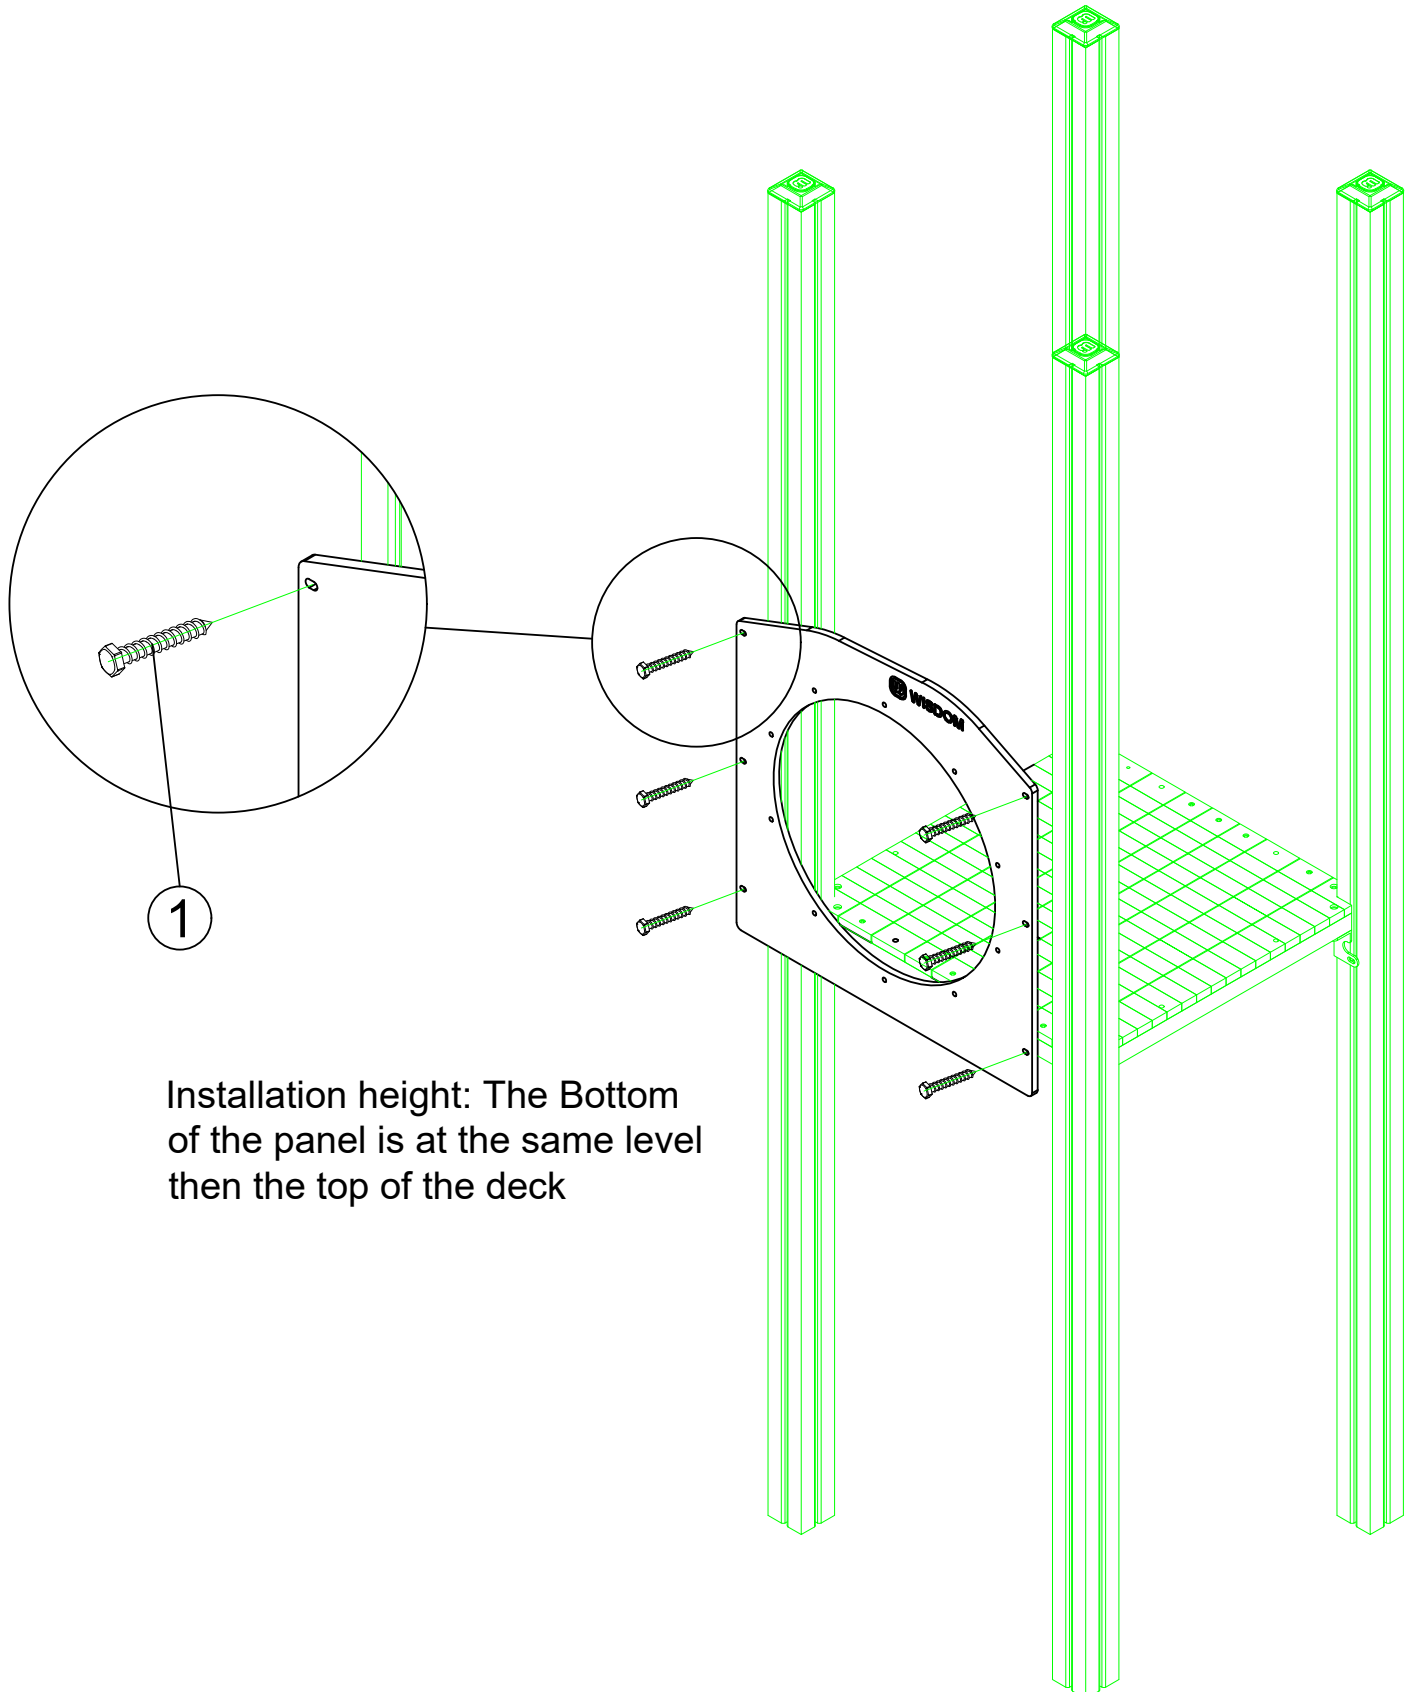

| Number | Name                       | Model         | Quantity |
|--------|----------------------------|---------------|----------|
| 1      | TAMPER RESISTANT TORX-BOLT | M8*35         | 20       |
| 2      | FLAT WASHER                | 8.5/23.5*T1.5 | 40       |
| 3      | LOCK NUT                   | M8            | 20       |
| 4      | PLASTIC CAP                | Ø34 M10       | 20       |

## Installation Steps:

1: As shown in the diagram, align the bottom of the panel with the deck (so that they are flush), then connect and tighten them with the corresponding hardware.

| Number | Name                                    | Model | Quantity |
|--------|-----------------------------------------|-------|----------|
| 1      | Stainless Steel Hex Self-drilling Screw | M8*50 | 2        |

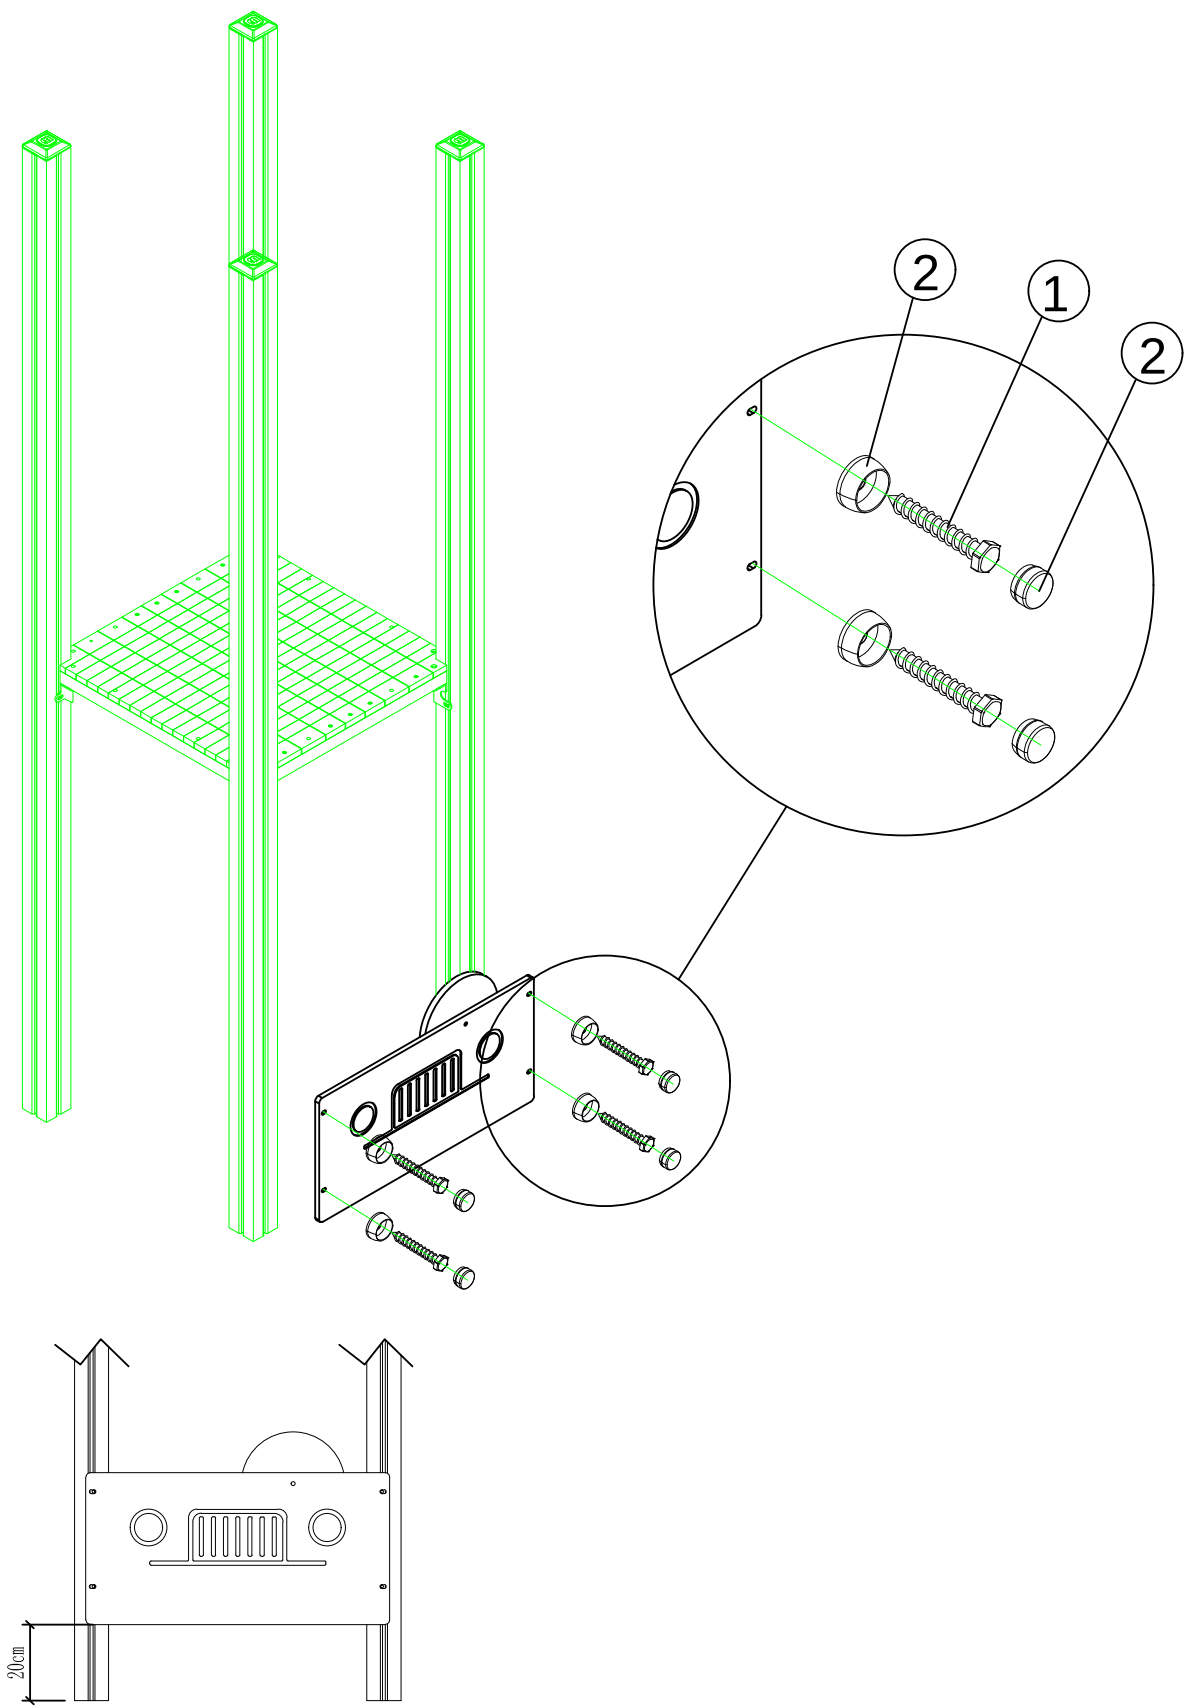

Installation height: The Bottom of the panel is at the same level then the top of the deck

# Installation Steps:

1:As shown in the diagram, install the panel in the corresponding position, then connect and tighten it with the corresponding hardware.

66-WK014 WiseKidz - PE Car Panel

| Number | Name               | Model | Quantity |
|--------|--------------------|-------|----------|
| 1      | Self-tapping Screw | M8*70 | 4        |
| 2      | PLASTIC CAP        | 10*34 | 4        |

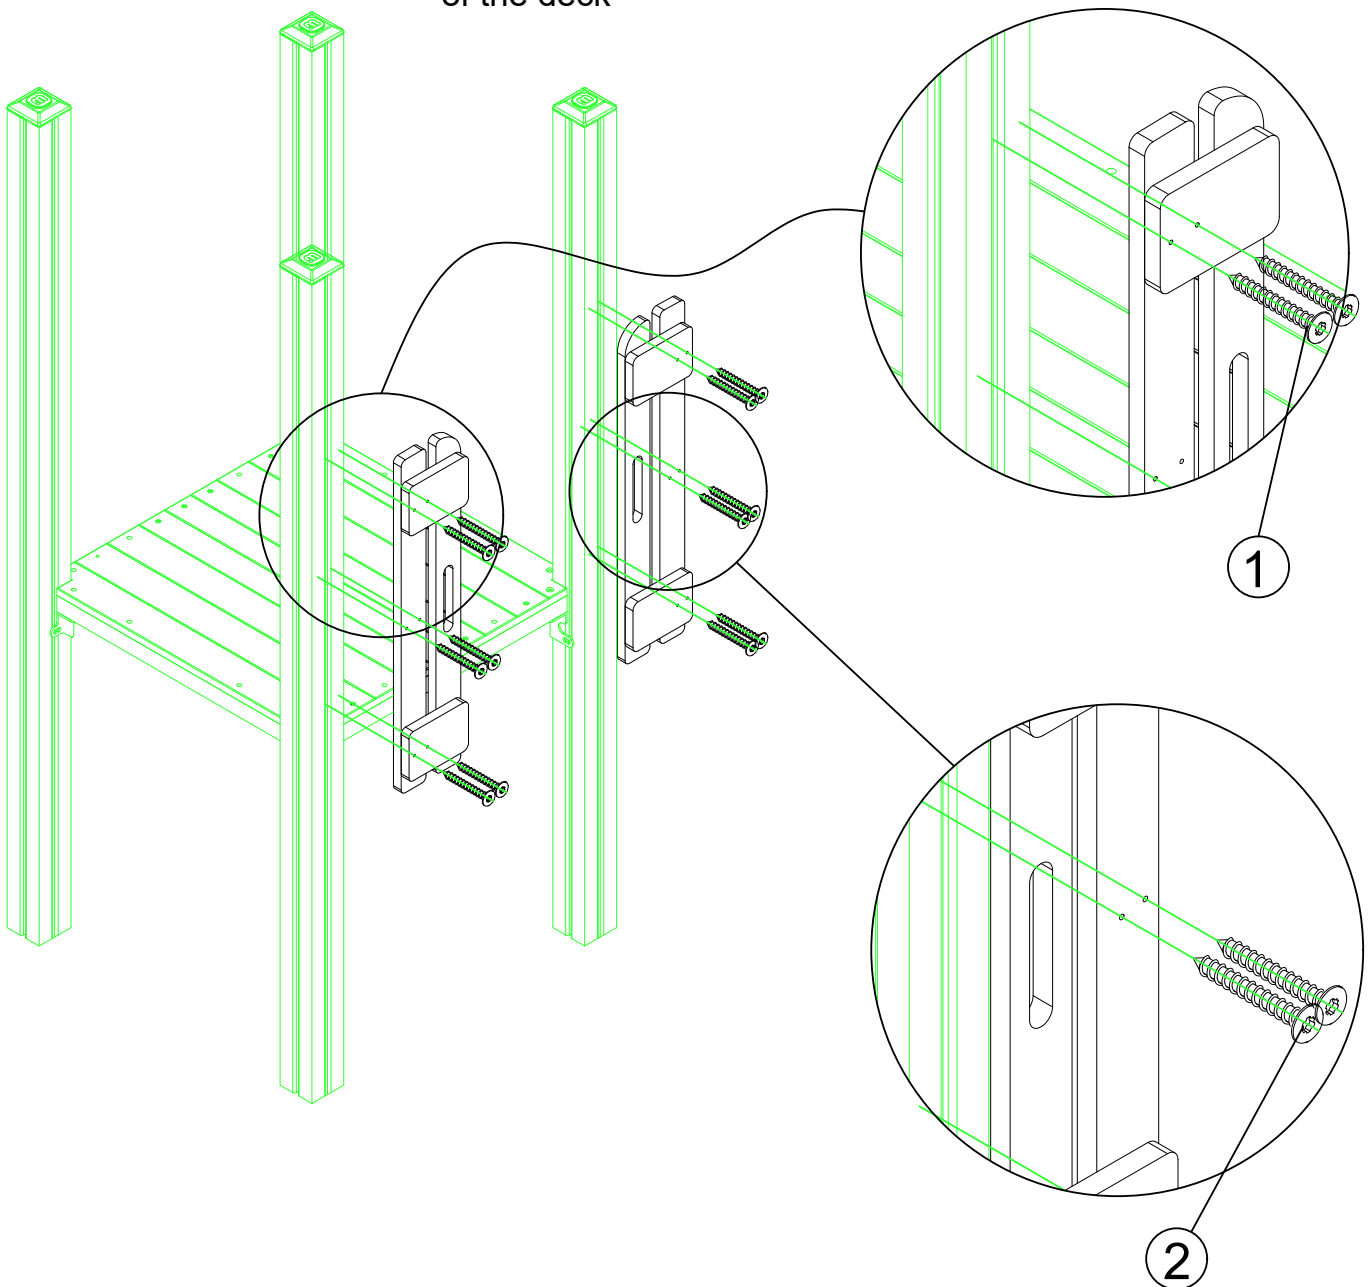

## Installation Steps:

1: Align the Panel bottom with the Deck surface, use self-tapping screws to fix the Panel to the Post.

### 66-WK016 WiseKidz - Wooden Climber Entry

| Number | Name               | Model  | Quantity |
|--------|--------------------|--------|----------|
| 1      | Self-tapping Screw | 3.9*70 | 8        |
| 2      | Self-tapping Screw | 3.9*50 | 4        |

Installation height: The Bottom of the panel is at the same level then the top of the deck

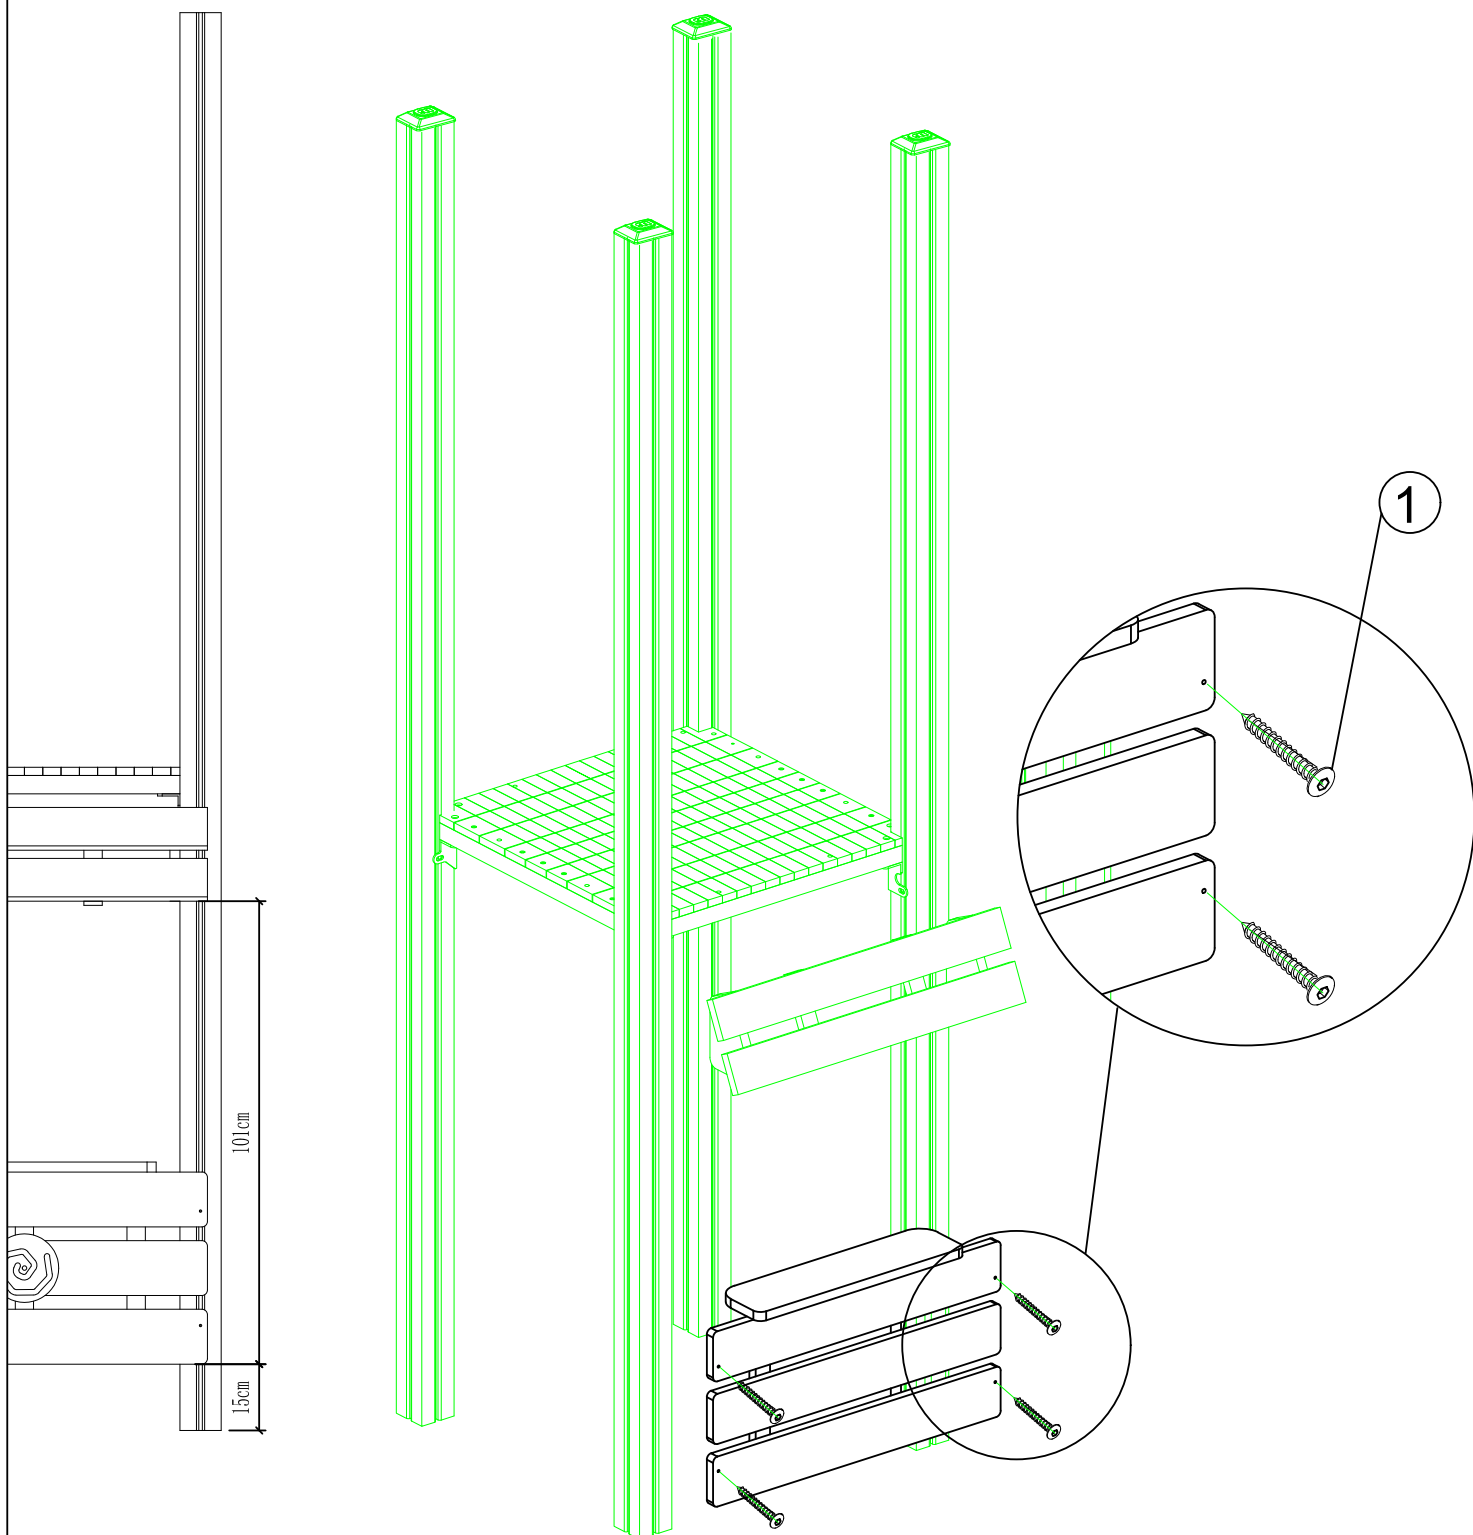

## Installation Steps:

1: As shown in the figure, position the panel in the corresponding location and use corresponding hardware to connect and fasten it.

### 66-WK025 WiseKidz - Wooden Counter Panel

| Number | Name               | Model   | Quantity |
|--------|--------------------|---------|----------|
| 1      | Self-tapping Screw | M3.9*45 | 4        |

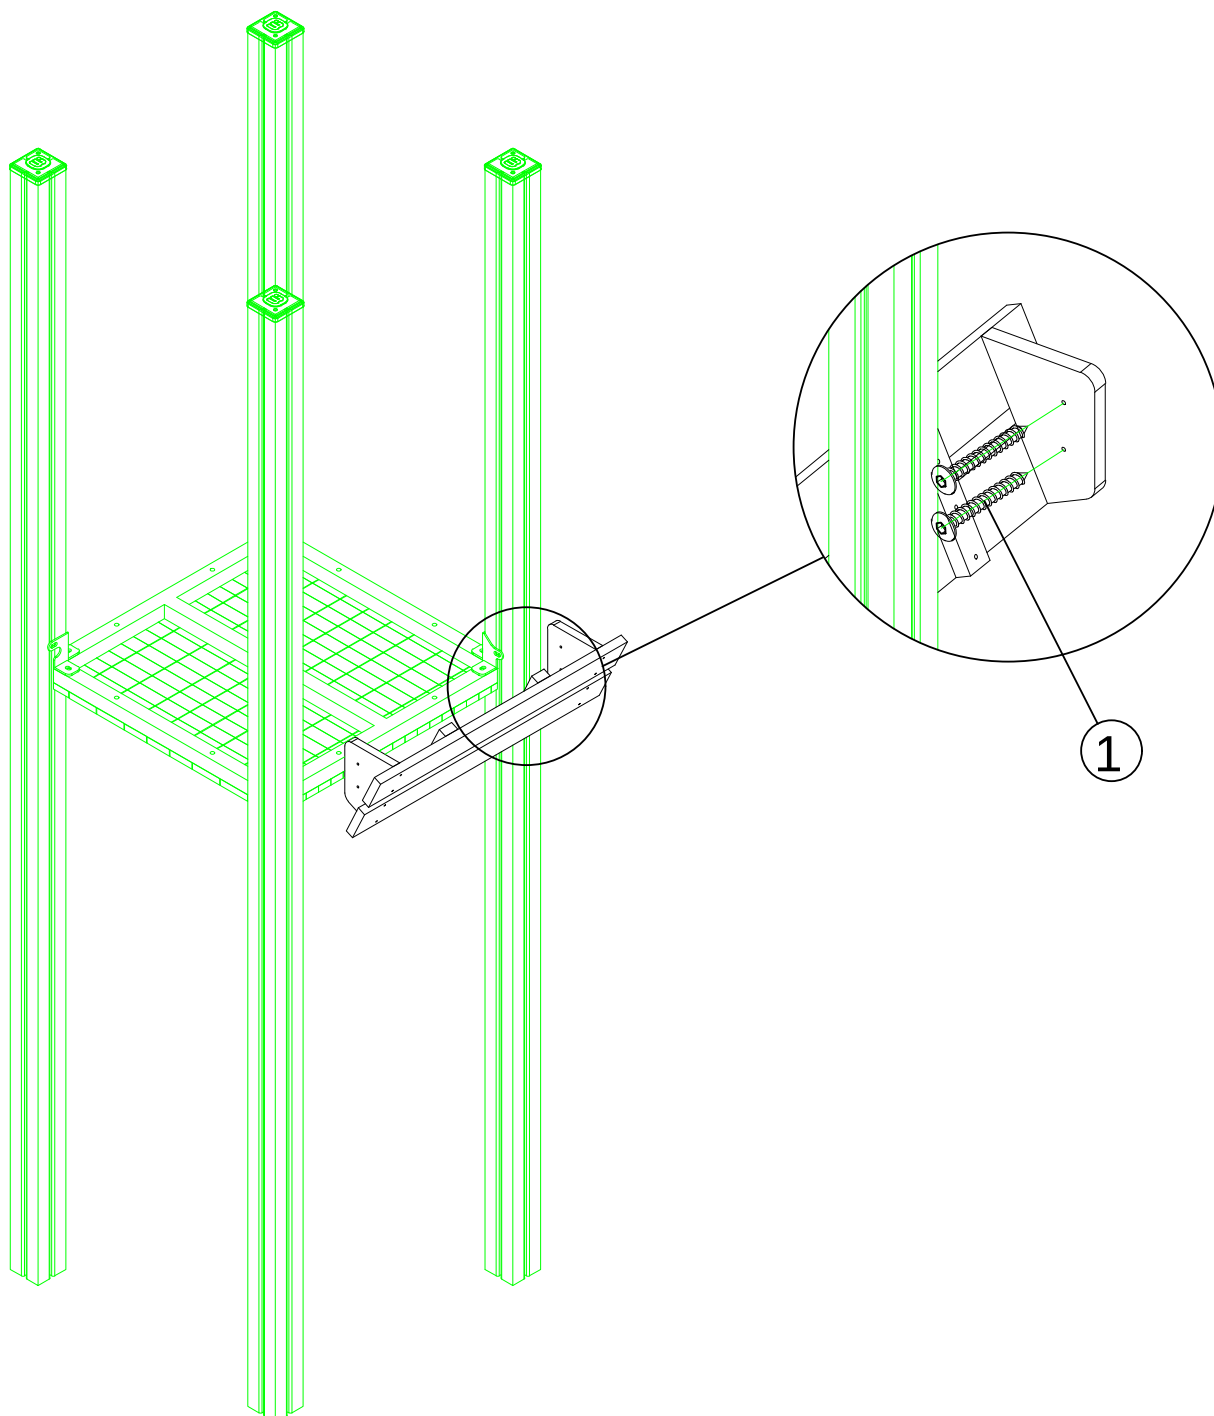

## Installation Steps:

1:As shown in the figure, position the panel in the corresponding location and use corresponding hardware to connect and fasten it. Note: It must be installed against the deck corner brace;otherwise, there is a risk of jamming.

The eaves shall be closely attached with the underside of the deck in case of the head entrapment issue.

### 66-WK026 WiseKidz - Wooden Counter Panel Roof

| Number | Name               | Model   | Quantity |
|--------|--------------------|---------|----------|
| 1      | Self-tapping Screw | M3.9*45 | 4        |

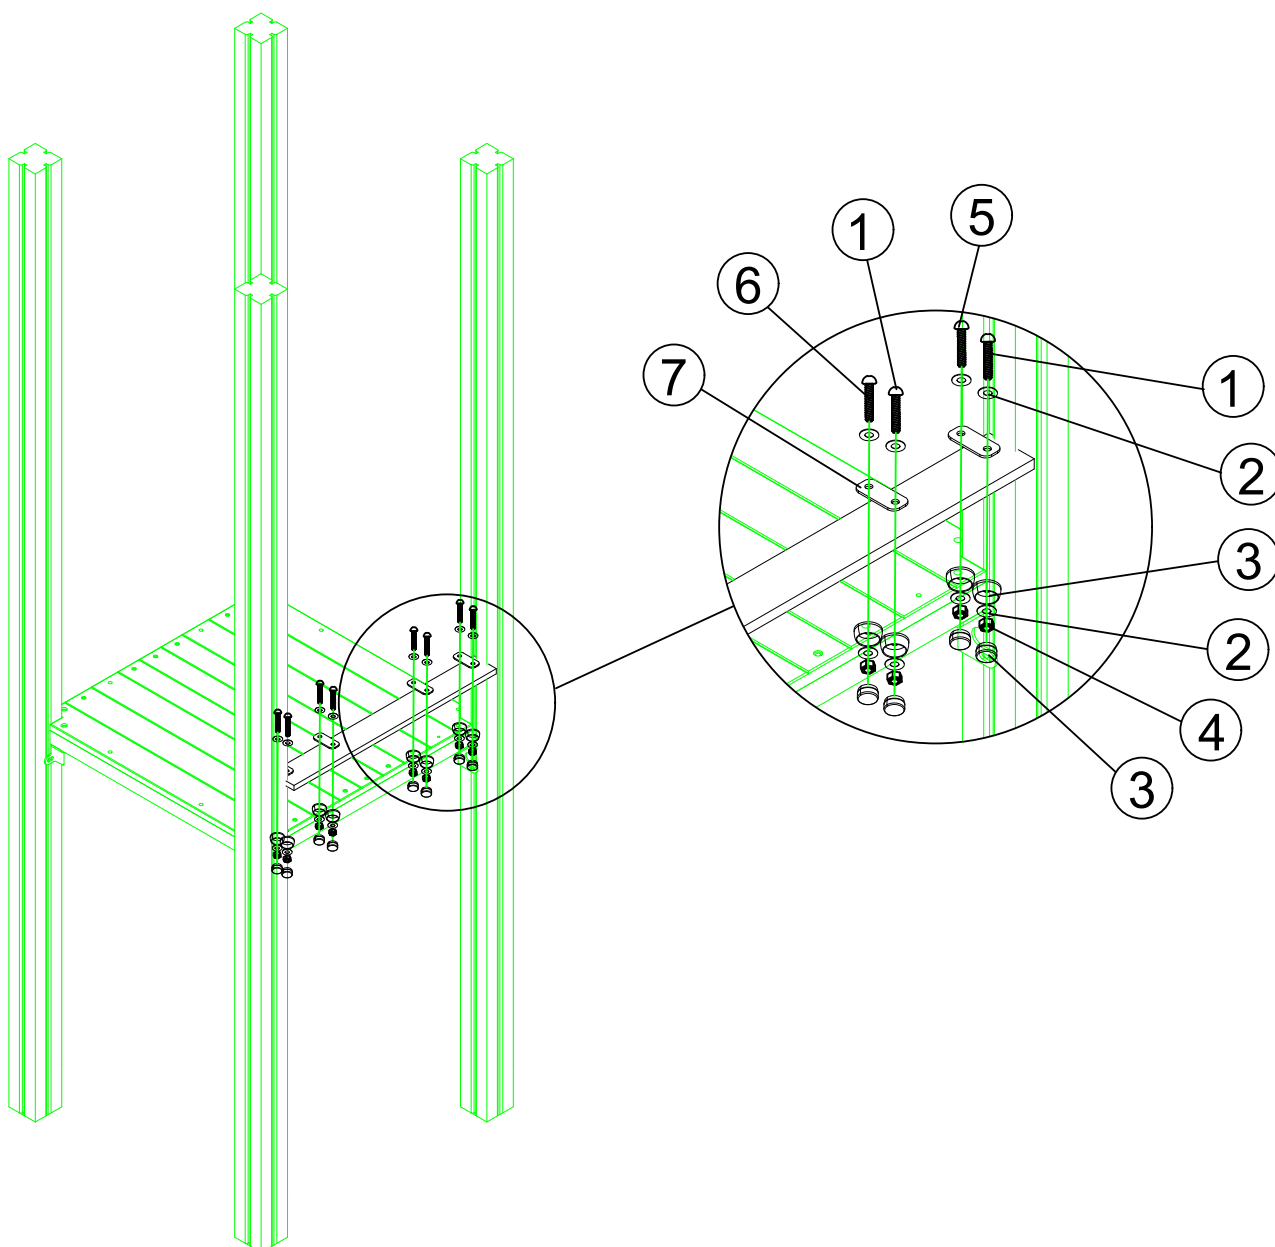

## Installation Steps:

- 1: As shown figure, fix the metal plate with the wooden bar first, then fix the metal plate with the deck by using corresponding hardware.

### 66-WK024 WiseKidz - Wooden Bay Window Panel 1-5

| Number | Name                       | Model         | Quantity |

## Installation Steps:

65-WKP002A WiseKidz - 120cm Single Slide

## Installation Steps:

65-WKP003A WiseKidz - 150cm Single Slide 1-2

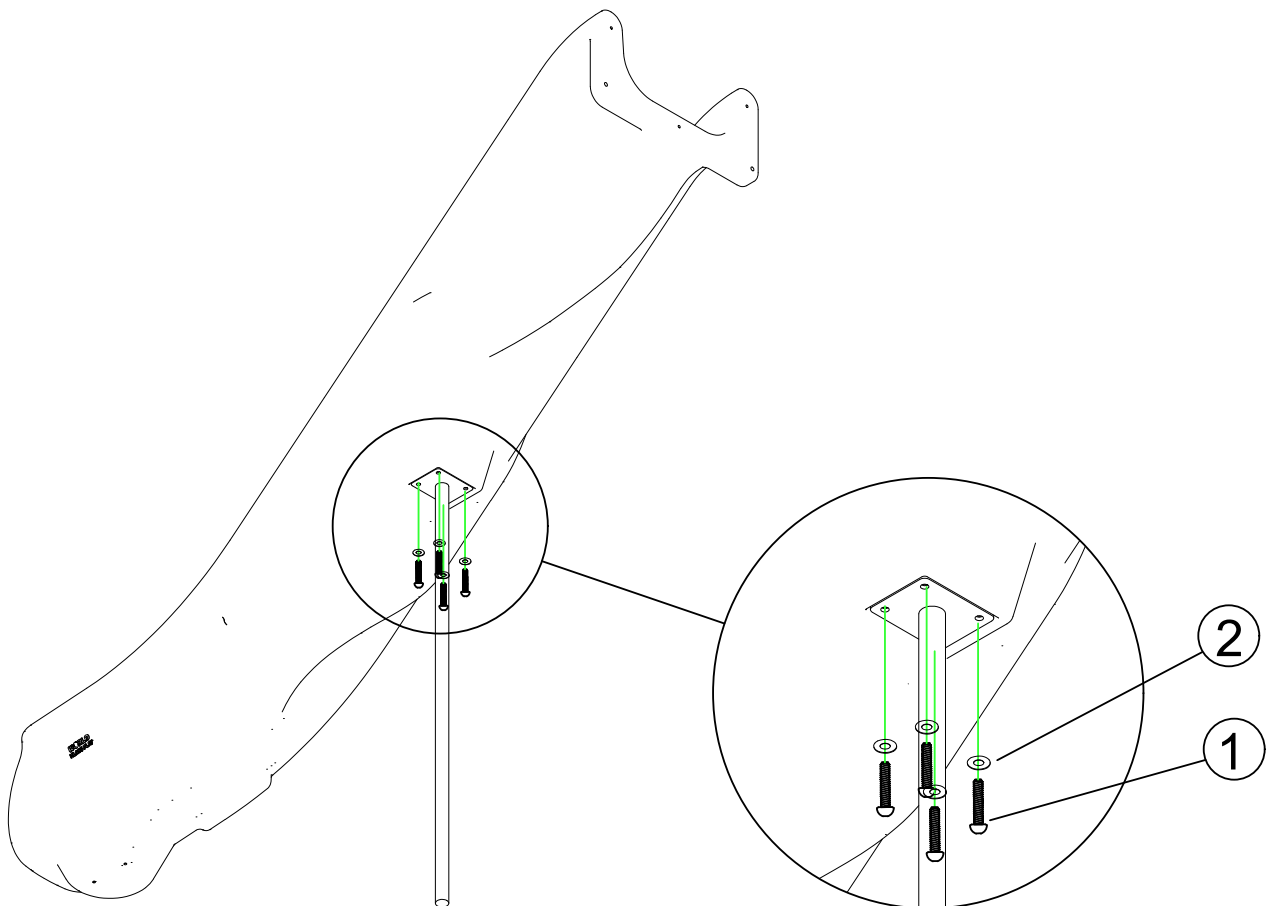

## Installation Steps:

1: Align the support post holes with the corresponding holes on the slide.

2: Insert corresponding hardware and tighten.

### 65-WKP003A WiseKidz - 150cm Single Slide 2-2

| Number | Name                       | Model         | Quantity |
|--------|----------------------------|---------------|----------|
| 1      | TAMPER RESISTANT TORX-BOLT | M8*20         | 4        |
| 2      | FLAT WASHER                | 8.5/23.5*T1.5 | 4        |

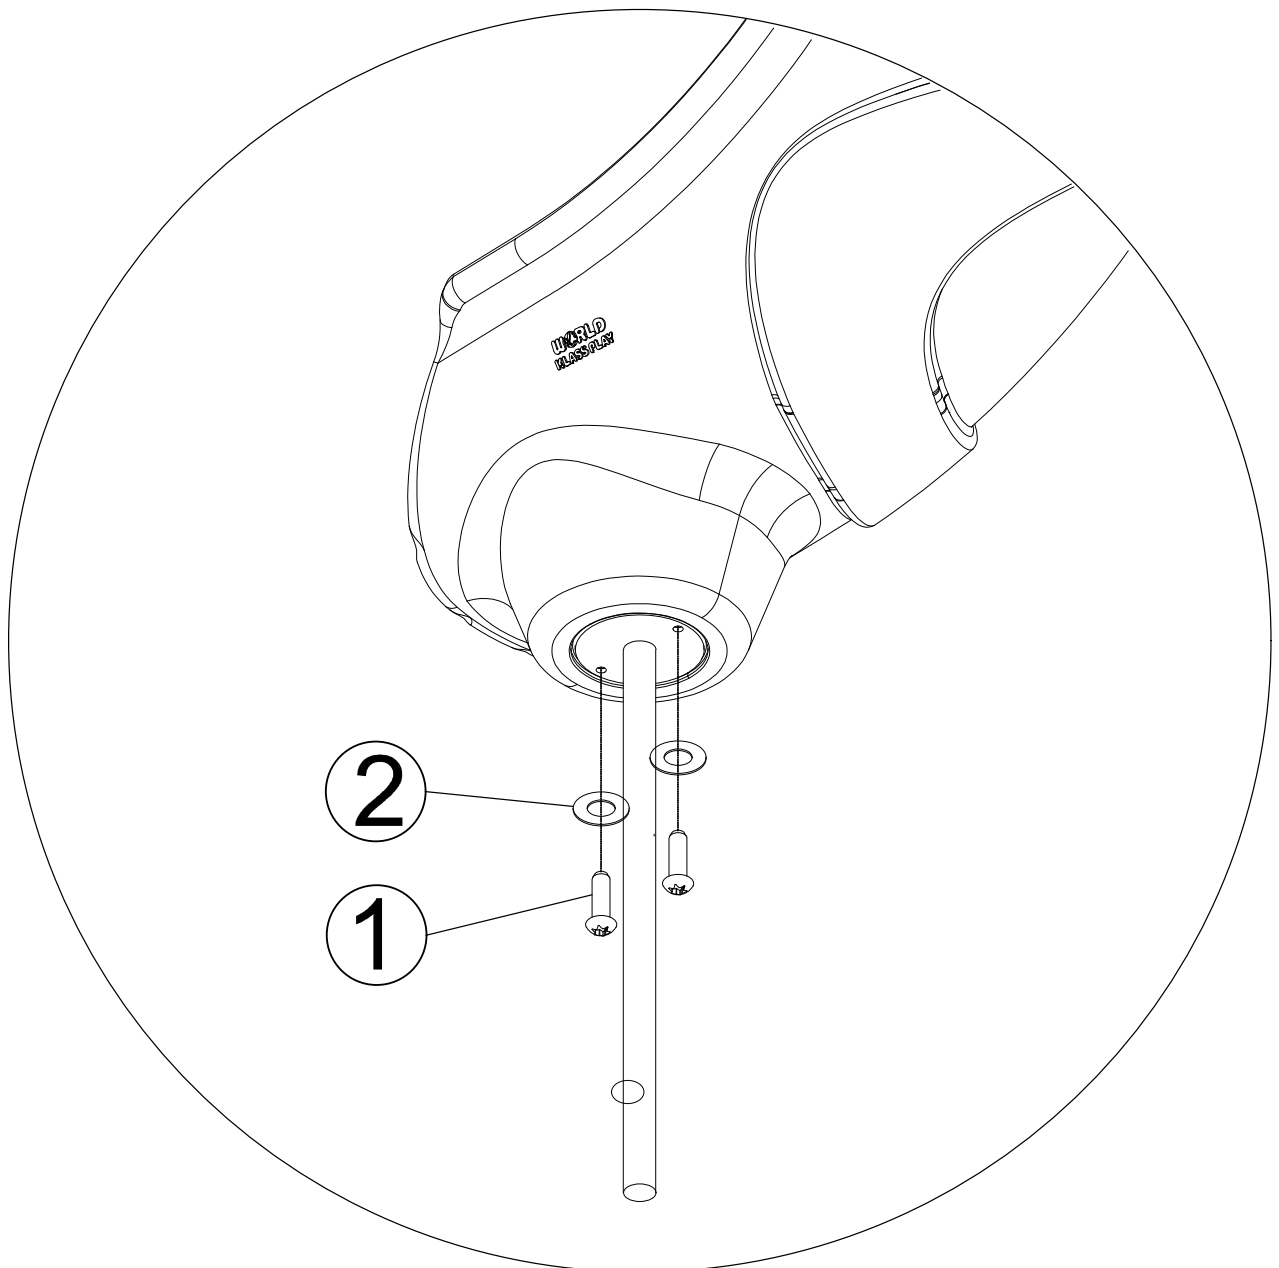

## Installation steps:

1:Align the inground footer with the holes on single slide.

2:Insert corresponding hardware and tighten.

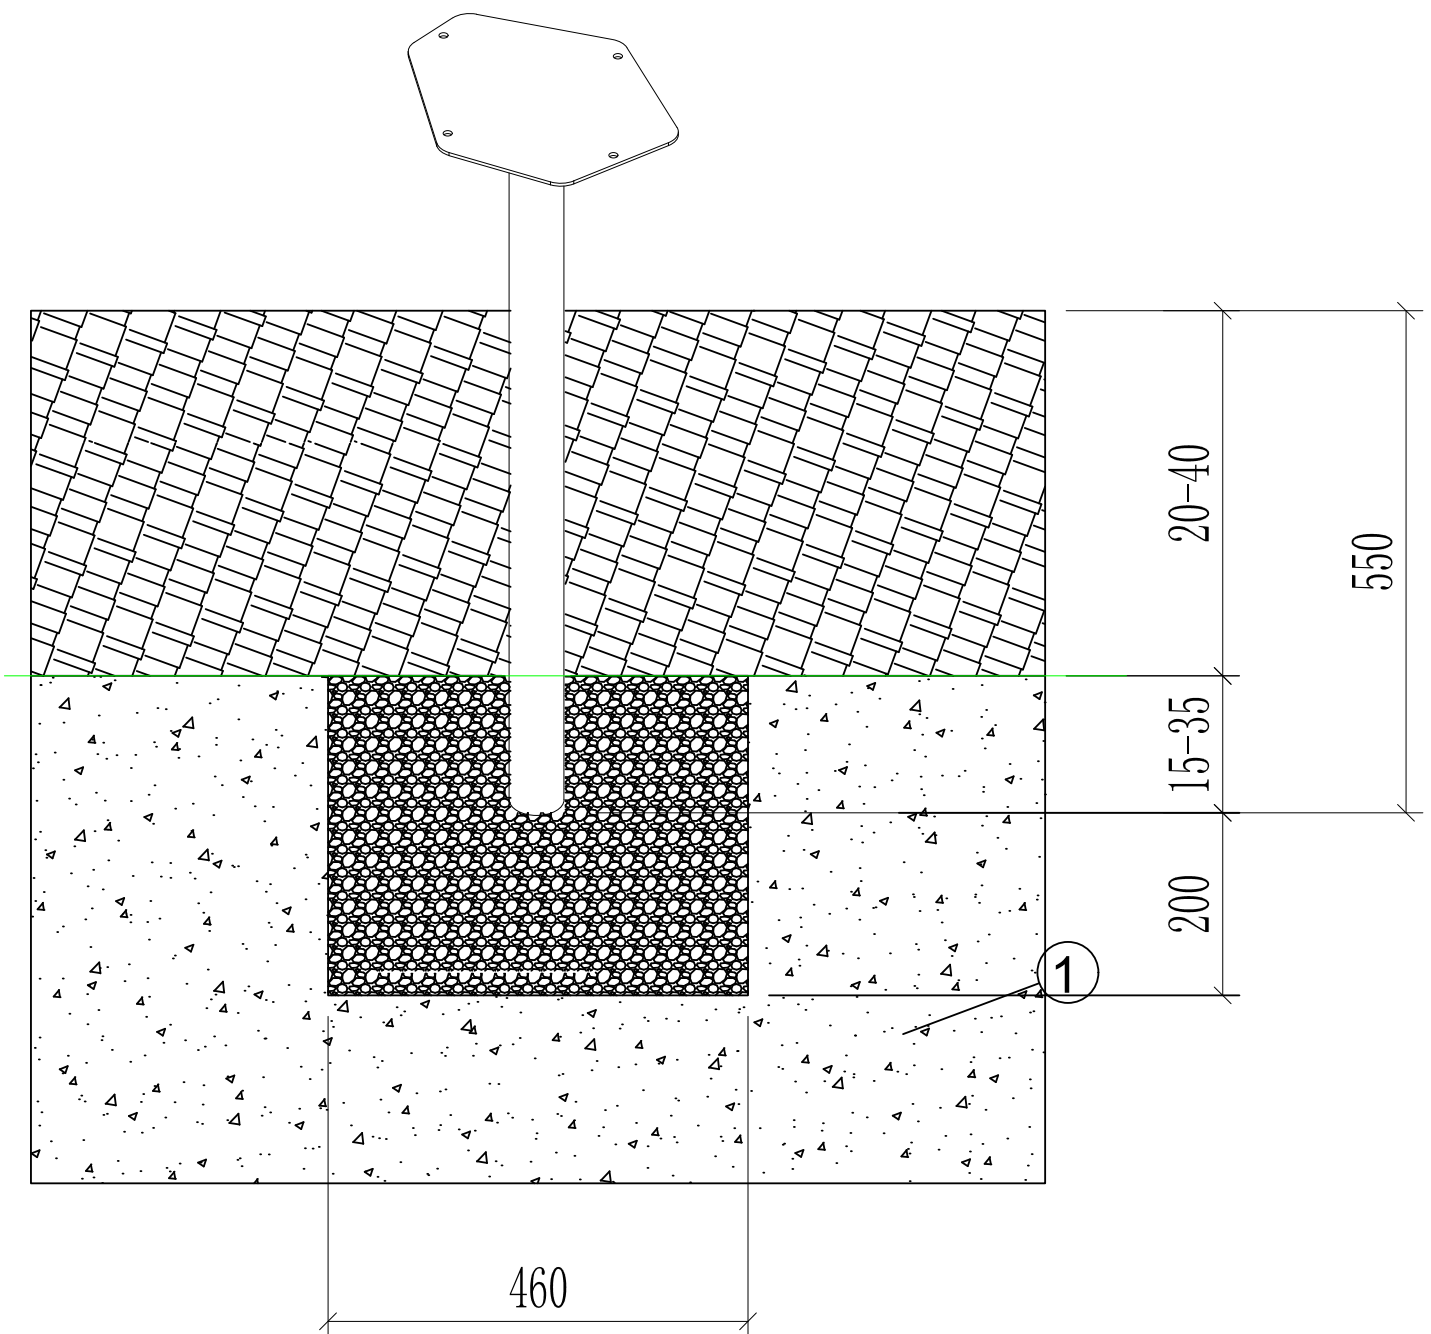

### 70-21001 Single Slide Inground Footer

| Number | Name                       | Model         | Quantity |
|--------|----------------------------|---------------|----------|
| 1      | TAMPER RESISTANT TORX-BOLT | M8*20         | 2        |
| 2      | FLAT WASHER                | 8.5/23.5*T1.5 | 2        |

## Installation Steps:

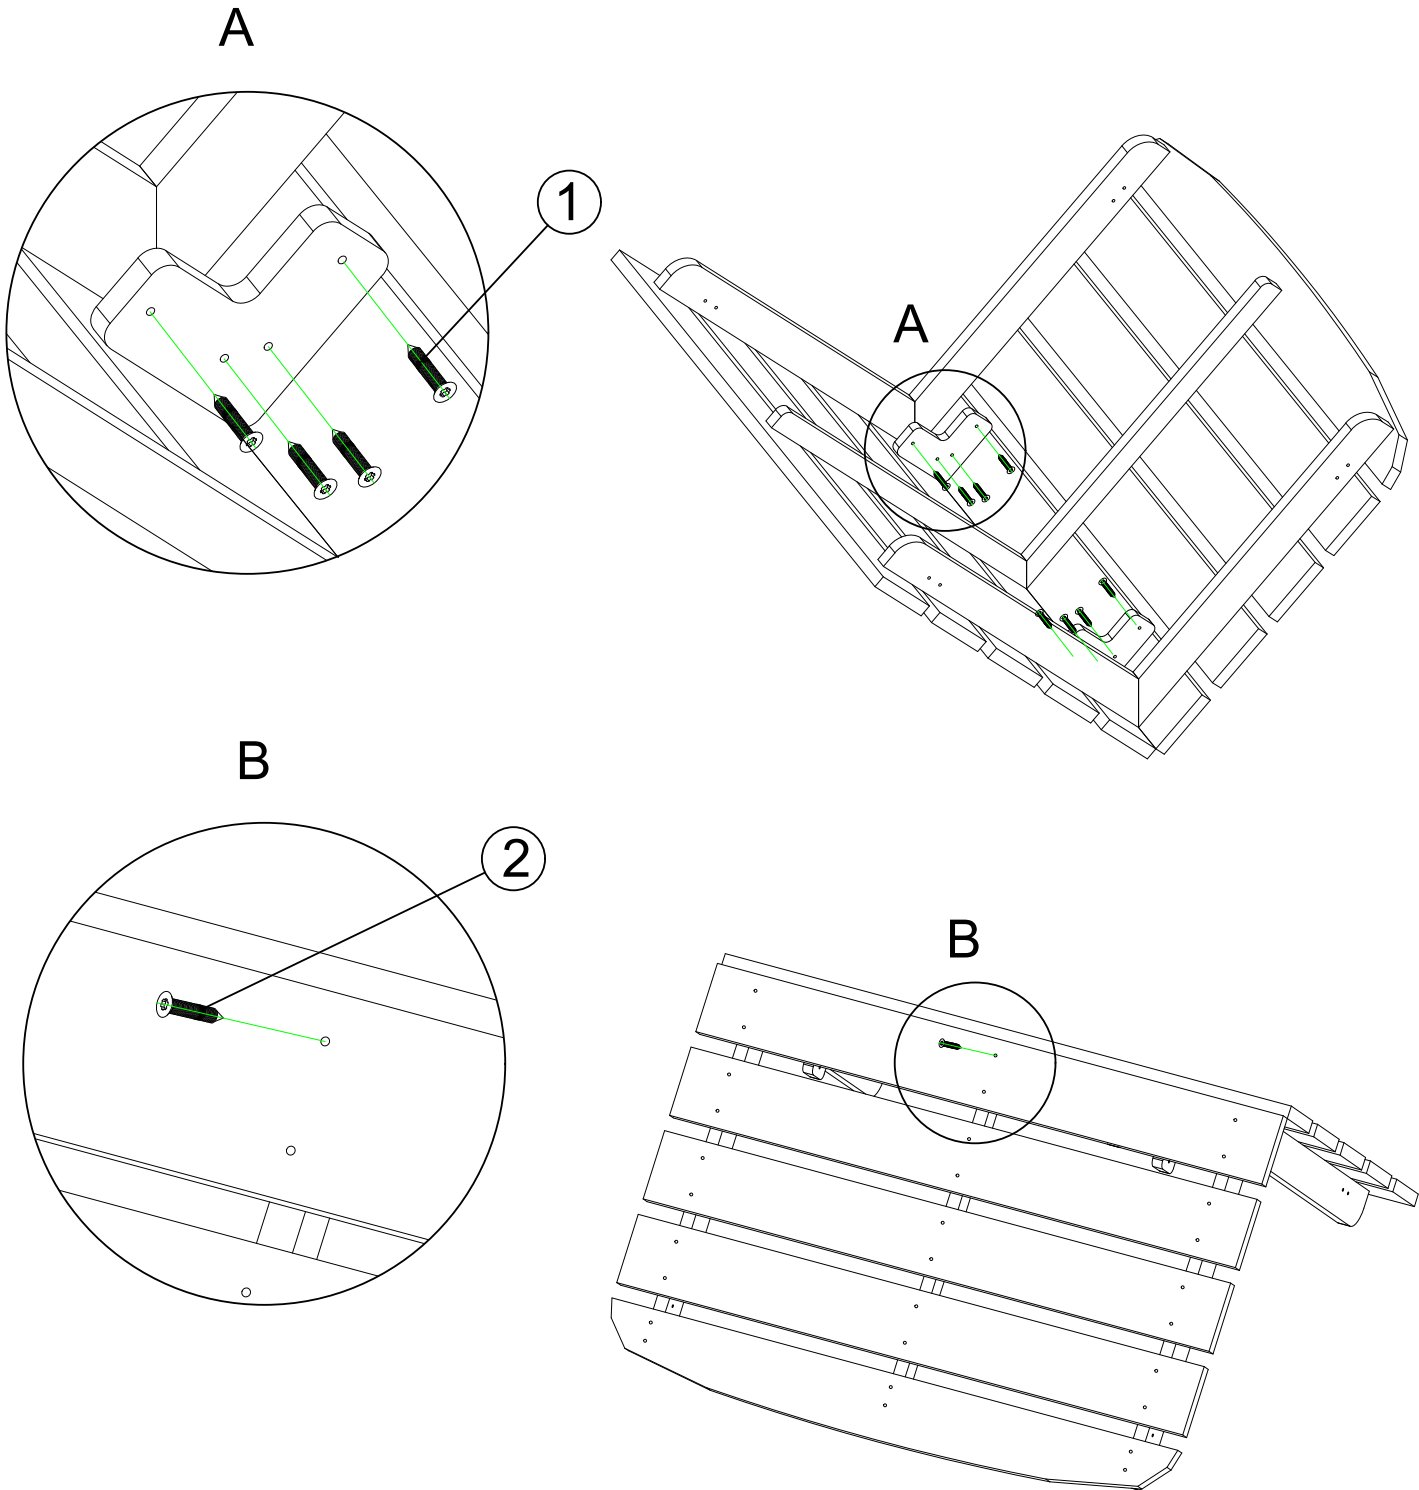

- 1: As shown figure, inset the Geometric Pebble into the ground as Inground Mount way.

# Installation Steps:

- 1: As shown in the figure, use the triangular connector to connect the left roof with the right roof, and then fasten them with the corresponding hardware.
- 2: As shown in the figure, replace the installed self-tapping screws with longer ones.

| 69-WK003 WiseKidz - Wooden Gable Roof 1-4 |                    |        |          |
|-------------------------------------------|--------------------|--------|----------|
| Number                                    | Name               | Model  | Quantity |
| 1                                         | Self-tapping Screw | 3.9*35 | 8        |
| 2                                         | Self-tapping Screw | 3.9*70 | 1        |

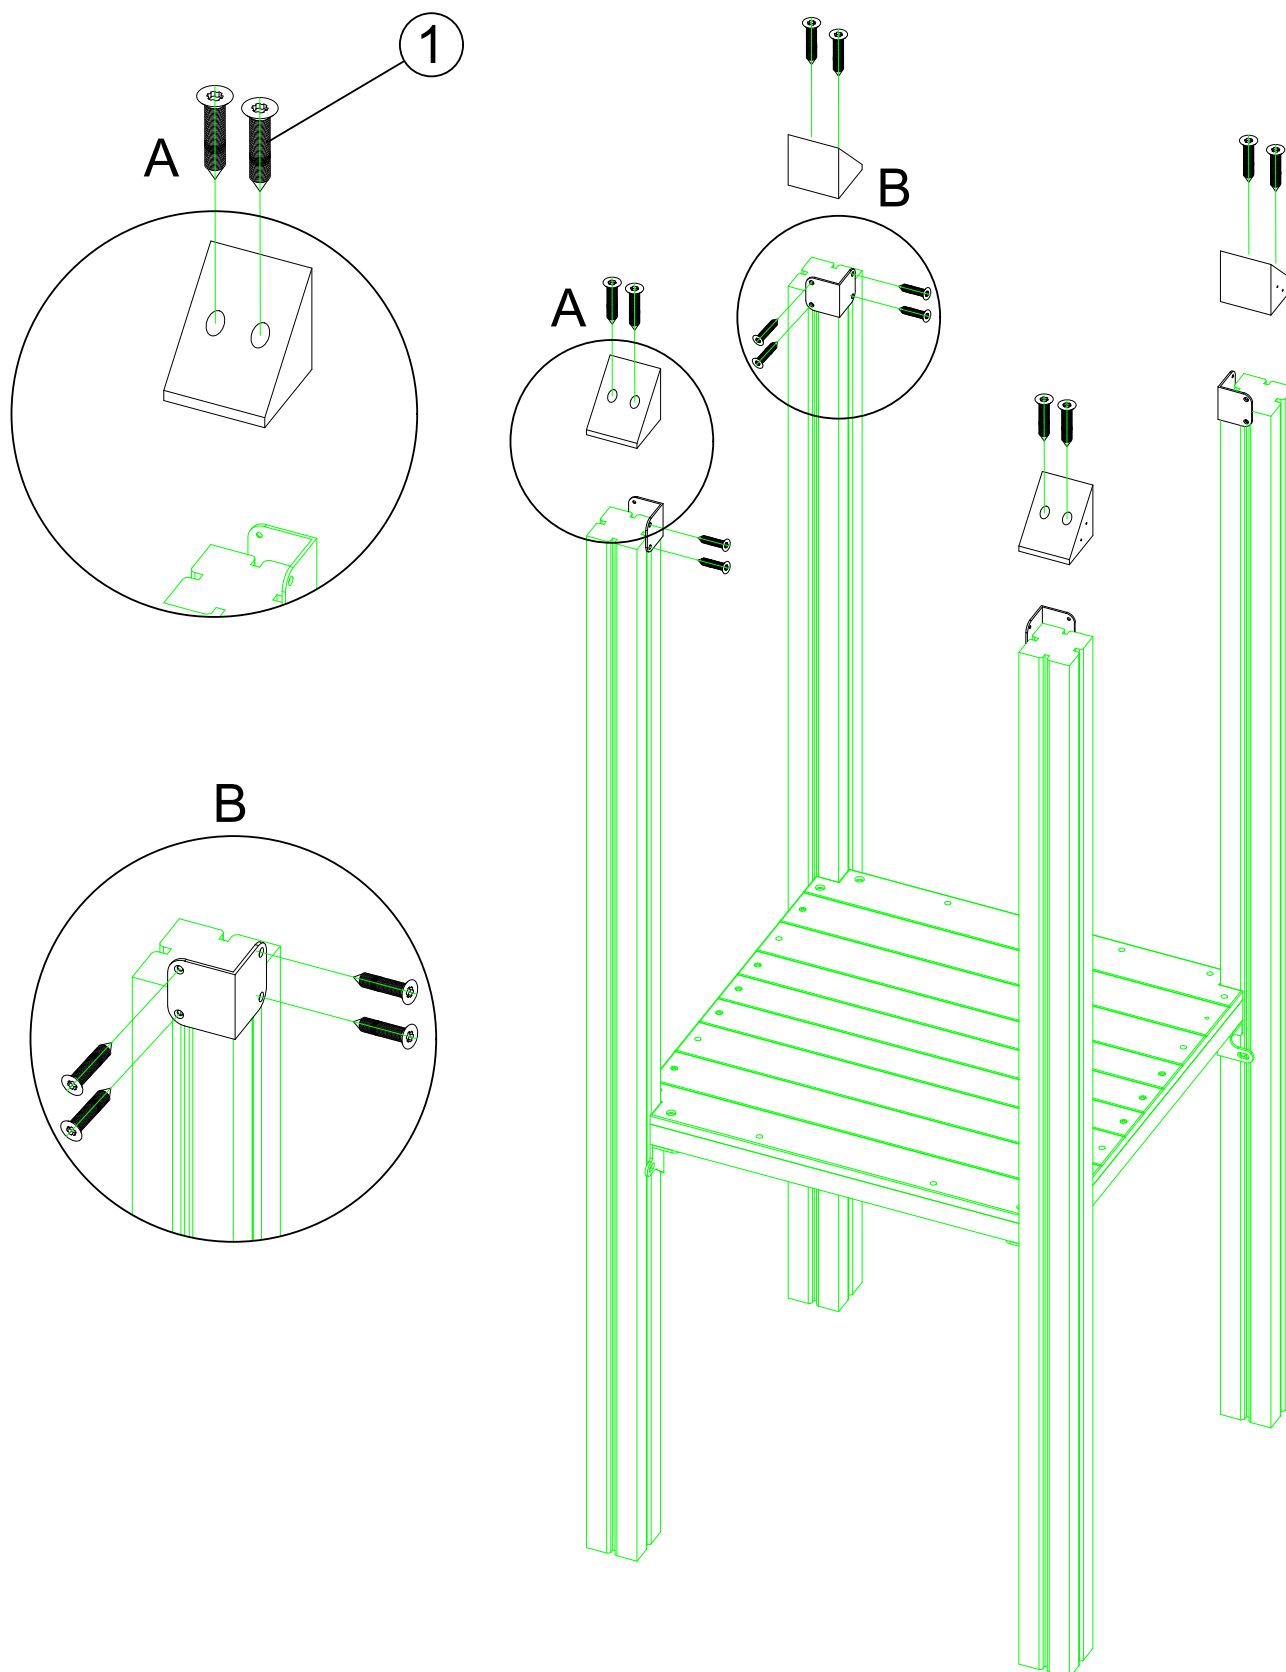

## Installation Steps:

1: As shown in the figure, place the triangular support on top of the solid wood post and connect and fasten it with self-tapping screws.

2: As shown in the figure, use an angle bracket to connect the triangular support to the post, and connect and fasten them with the corresponding hardware.

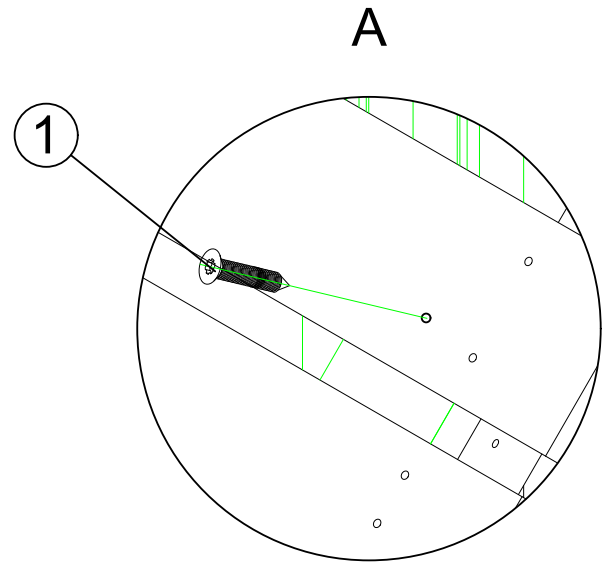

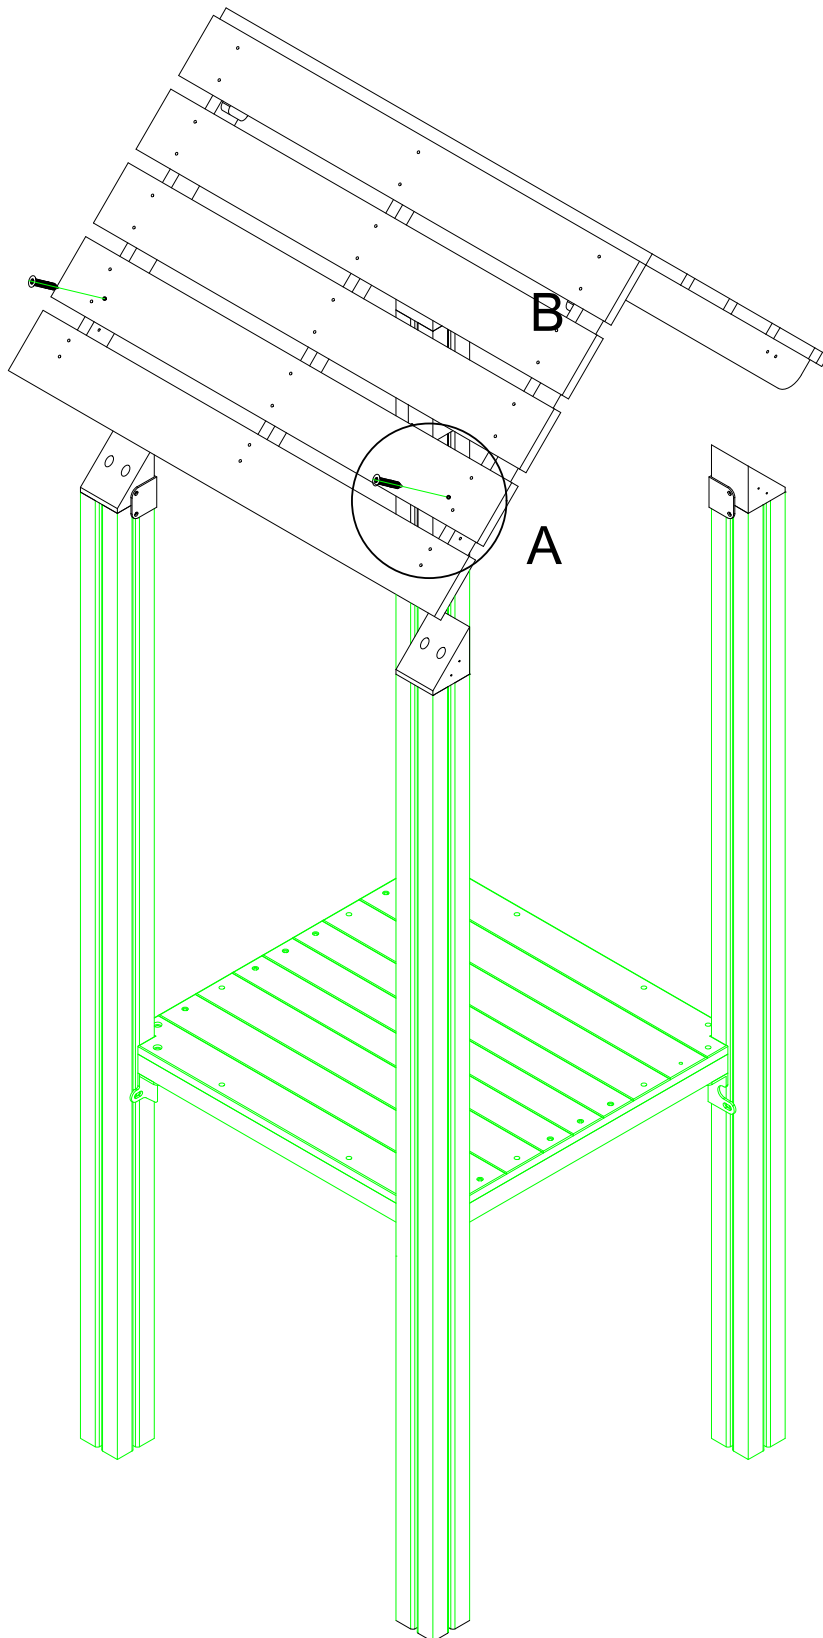

| Number | Name               | Model  | Quantity |
|--------|--------------------|--------|----------|
| 1      | Self-tapping Screw | 6.3*50 | 8        |
| 2      | Self-tapping Screw | 3.9*40 | 16       |

## Installation Steps:

1: As shown in the figure, place the installed roof on the completed posts, and connect and fasten them with the corresponding hardware.

| Number | Name               | Model  | Quantity |
|--------|--------------------|--------|----------|
| 1      | Self-tapping Screw | 3.9*40 | 4        |

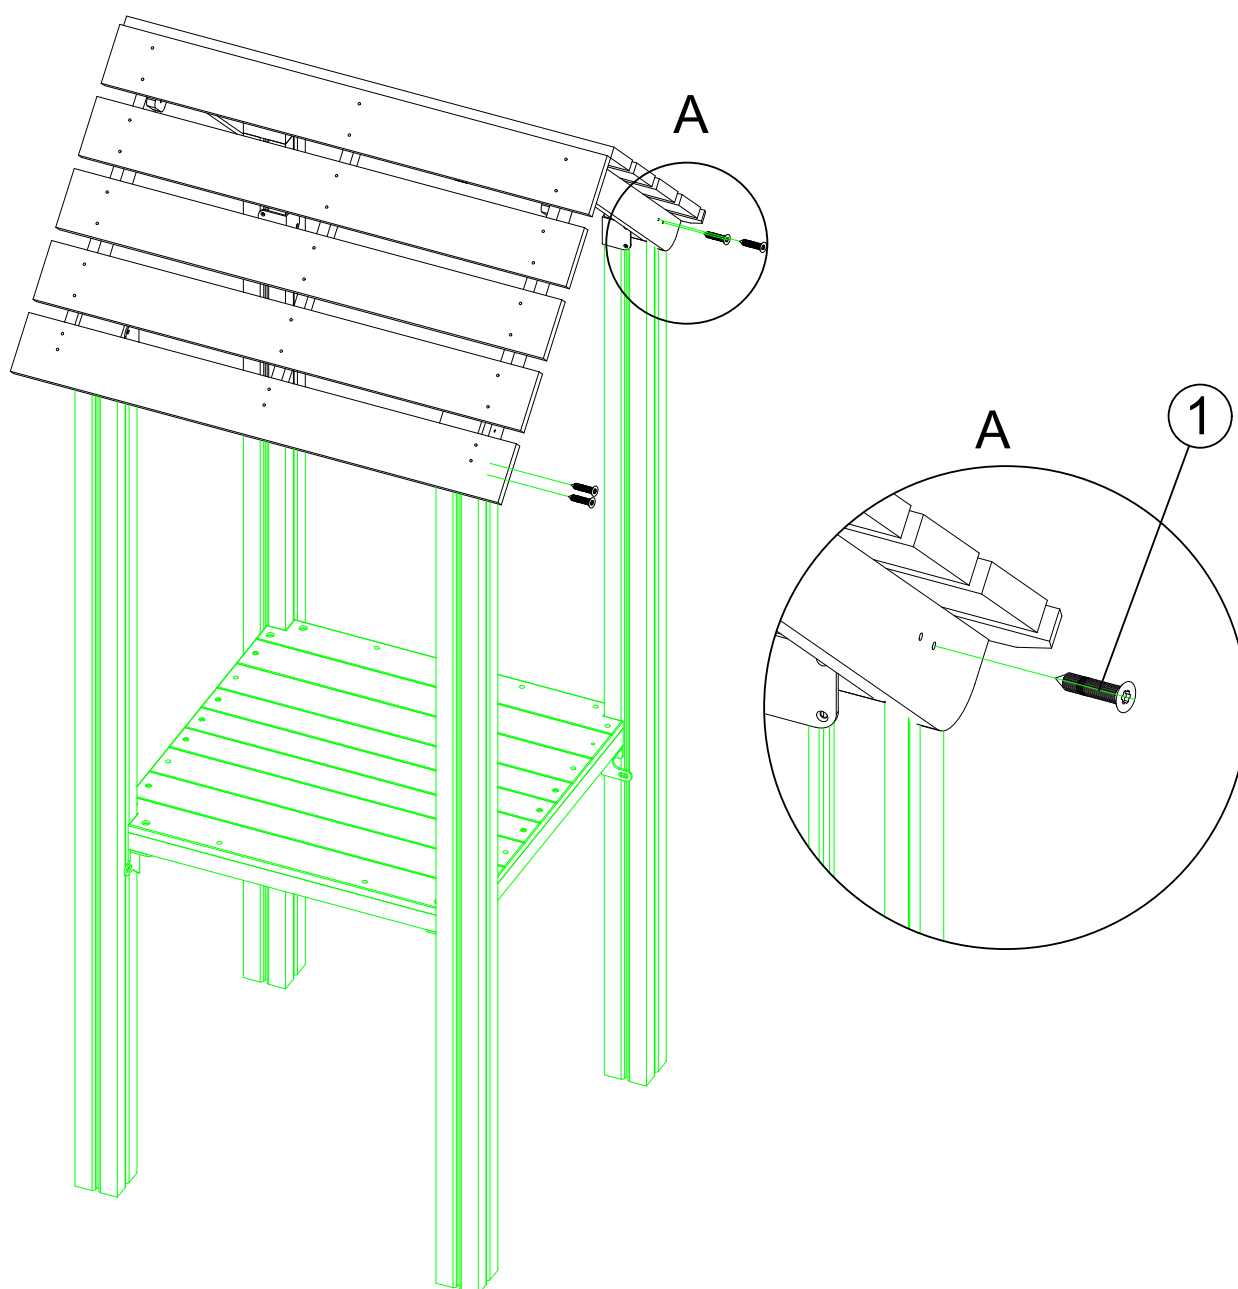

## Installation Steps:

1: As shown in the figure, align the connection holes of the roof with those of the posts, then connect and fasten them with the corresponding hardware.

# Inspection record

Carry out the inspections at the specified intervals and document the results.

| Interval                                                                    | Check point                                                                  | YES / NO | Action | Signature |
|-----------------------------------------------------------------------------|------------------------------------------------------------------------------|----------|--------|-----------|
| <b>Daily inspection</b>                                                     | Screws, bolts and fasteners are firmly tightened.                            |          |        |           |
|                                                                             | The equipment stands on a level surface; no hazards are present.             |          |        |           |
|                                                                             | The equipment is free of dirt and moisture.                                  |          |        |           |
|                                                                             | Moving parts and connections are undamaged and securely fastened.            |          |        |           |
|                                                                             | No signs of damage or wear.                                                  |          |        |           |
| <b>Monthly inspection (in addition to the daily inspection)</b>             | Screws are free of rust and damage.                                          |          |        |           |
|                                                                             | All parts are securely connected.                                            |          |        |           |
|                                                                             | Information and compliance labels are intact.                                |          |        |           |
| <b>Annual inspection (in addition to the daily and monthly inspections)</b> | No extensive corrosion; replace affected parts if necessary.                 |          |        |           |
|                                                                             | No cracks or damage to connecting parts; replace if necessary.               |          |        |           |
|                                                                             | No excessive discolouration of components.                                   |          |        |           |
|                                                                             | Screws and connecting elements are in working order, undamaged and not worn. |          |        |           |
|                                                                             | Information labels are legible.                                              |          |        |           |
|                                                                             | The play area under the equipment is safe and level.                         |          |        |           |
